Children's Dental Benefit Scheme

dental care
for children

Bulk billed by Medicare. NO GAP.

The Children's Dental Benefits Scheme (CBDS) is a Medicare program for eligible children aged two to 17 years of age. Up to \$1000 is provided over two consecutive calendar years for dental treatments such as exams, cleans, x-rays and fillings.

Who Is Eligible?

CBDS eligibility is assessed each calendar year - a child must be aged 2 to 17 years for a least one day of the calendar year, eligible for Medicare, and receive Family Tax Benefit Part A or other Australian government payment.

At Passion Family Dental North Lakes, we want to help your child build a lifelong confident association with their dentist. We are happy to bulk bill treatments that are eligible under the CBDS. Call us on 3465 1199 and we can see if your child qualifies for this free treatment!

The new year is the perfect time to start working on establishing healthy habits. Many choose to start a new diet or to give up smoking, so why not decide to take better care of your oral health? You can work on improving your brushing technique or complete that dental treatment you have been prolonging. The benefits of setting a goal can be motivating and rewarding, just take it a step at a time and make the resolution attainable. Call Passion Family Dental we will help you achieve a beautiful smile for the new year!
