Your comfort and safety is our priority!

Infection Control

At the moment the entire world is concerned about the Corona-virus (COVID-19), the main worry is the uncertainty of how it is transmitted, how we can avoid catching it and how soon scientists can find a vaccine for it. Until we do find out more we have to keep ourselves informed of updates and stay vigilant with our personal hygiene.

This virus brings to peoples attention how easy cross contamination (how germs can spread from one person to another) can occur.

At Passion Family Dental North Lakes we already had very high standards of infection control in place. Various governing bodies, including the Australian Dental Association, AHPRA, the World Health Organisation and the Department of Health set our guidelines to help ensure dental practices are a safe and clean environments for patients. In many instances our sterilisation and infection control procedures are a step higher than what is required. Our patients can rest assure that they are in safe hands with us.

We are happy to explain our infection control procedures and how our sterilisation room operates to anyone interested.

Love My Smile!

Valentines Day is celebrated this month and our thoughts all turn to love and feeling cherished. We have all heard of the expression "you have to love yourself before you love anyone else". This makes February the perfect month to treat and pamper yourself. Why not have a mani-pedi or a facial? Buy yourself that dress you have been eyeing off or go see that movie you've been wanting to see. Or why not the best treat of them all? A professional clean by your dentist!

Nothing feels better than that 'after a dentist clean' feeling. A fresh smile can help boost your confidence and make you feel good about yourself.

*I Think You're
Tooth Cute!*

Proud to Sponsor

North Lakes Eels AFL Football Club

Passion Family Dental North Lakes are proud to sponsor our local North Lakes Eels AFL Football Club. We joined in the fun and games at the sign on day on Saturday 8 February and met many of the young players and their families. We were so impressed with the real feeling of community and friendship within the club and congratulate them on celebrating their 10th anniversary this year.
